

# 67° DEGREES EASTER NEWSLETTER

## COVID-19 UPDATE

Due to the ongoing situation with the coronavirus, it has been decided that all 67° Degrees stores will remain shut for the foreseeable future. This decision has been made by management of the company, to ensure that you, our customers, can remain safe, as well as our incredible team of staff. Rest assured, as soon as it is entirely safe for us to re-open, you can come visit your local 67° Degrees store to get back to the norm and enjoy some amazing coffee.

We hope you stay safe during this time.

## EASTER PRODUCTS

Despite the ongoing situation, we were looking forward to our next promotion of Easter drinks and cakes, which we are yet to release! To ensure that you can still enjoy your taste of 67° Degrees at home, we will soon be able to send some of our syrups and coffee by delivery to your home, as well as releasing the recipes for our Easter selection!

Rest assured, once we re-open we will still be launching our entire Easter selection in stores, including our much beloved Hot Cross Bun Latte, so that you can enjoy it to the level of perfection you won't find anywhere else.

## OUR NEW WEBSITE

We are proud to launch our brand new website!

Designed by Josh Taylor, the brand new 67° Degrees website will be able to be used from any device and has some amazing features that are unique to us.

These include a coffee quiz; a reward scheme for when you visit instore, the display of our menu, a way to find your local store, access to our Twitter page, answers to our FAQ's and information about our history! All presented with great animations!

We hope you enjoy.
